

## NEBRASKA REAL ESTATE COMMISSION

### **APPROVED SALESPERSON AND BROKER EDUCATION** **(Both pre-license courses & continuing education activities)**

#### **PLEASE READ THE FOLLOWING INFORMATION CAREFULLY**

This list is provided as a service to Salesperson and Broker applicants and Salesperson and Broker licensees. Its purpose is to provide specific provider information and advise the reader of which offerings will meet the pre-license and/or continuing education requirements of the Nebraska Real Estate License Act. "First Date Offer for Credit" in the last column indicates the first date on which an activity can be, or could have been, taken in order to count toward the education requirement. The activities and courses are scheduled on an on-going basis by the provider and all inquiries regarding scheduling should be referred to the provider. Scheduling and cancellations of activities and courses are a matter of individual provider policy over which the Real Estate Commission has no control. The words in parenthesis, (Basic), (Intermediate) or (Advanced) indicate the degree of difficulty. The number of clock hours each continuing education activity is approved for immediately precedes this rating.

Many providers offer both Pre-License courses and Continuing Education activities for Salespersons and Brokers. In those cases, titles are clustered with the Pre-License courses appearing first then the Continuing Education activities. The accreditation dates remain chronological within each cluster.

For courses to be used for licensing purposes, they must have been taken since the approved date shown following each course, and for the total number of hours certified. Salesperson and Broker Continuing Education activities meet Salesperson and Broker Continuing Education requirements only. However, all Salesperson and Broker Pre-License courses may be used to meet the Salesperson and Broker Continuing Education requirements except for Real Estate Principles & Practices or its equivalent. These exceptions shall be noted with an asterisk.

Continuing education activities approved by the Nebraska Real Estate Appraiser Board may be used toward meeting a part of a Sales or Broker continuing education requirement, as long as taken within the appropriate two-year period. Inquiries regarding appraisal continuing education subject matter should be directed to the Nebraska Real Estate Appraiser Board at (402) 471-9015.

The Course or Activity Content Number which immediately precedes the course or activity title is used to determine duplication of content between courses and activities. Title 299, Chapter 7, Section 004.07 prohibits receiving Continuing Education credit for the duplication of activities or activities' content within any four (4) year period. Therefore, the course or activity content number should not be the same for any two or more activities taken for Continuing Education credit within four (4) years.

Six (6) continuing education hours out of the twelve required every two years must be in designated subject matter. Activities that meet this requirement are indicated by the letter "R" following the activity content number. Required activities may be duplicated every two years in subsequent continuing education periods but may not be duplicated during any one continuing education period.

If you have any questions regarding the use of Pre-License courses or Continuing Education activities, please feel free to contact the Commission Office.

\* Cannot be accepted for continuing education credit.
